

THAWEEPHAN

THE ARCHITECTURAL WOODWORKING COMPANY

project portfolio

For more than 60 years, Thaweephan has been renowned as one of Thailand's leading architectural woodworking companies and manufacturers of finest quality wood products.

Established in 1955 in Chiang Mai, Thailand, Thaweephan has always been a family-owned business where quality comes first. We have decades of experience in sourcing and selecting some of the world's finest woods to create a host of custom wood products from doors, windows and flooring to decorative and structural woodwork.

Meeting our customer's needs means evolving alongside them. At Thaweephan, we are constantly developing new products and mastering the latest techniques, so that we can offer our clients the best possible solutions.

Thaweephan's excellent service and attention to detail attracts clients who expect the very best. Architects, Interior Designers, Project Managers, Construction Companies and Home Owners trust us to bring the beauty of natural wood to their projects.

Our experience and expertise enables us to bring unique designs to life in close partnership with our customers. We believe that quality is in the detail and we always strive to deliver product solutions that meets our client's expectations for performance, durability and aesthetics.
